

Partner Program

Architecture is a complex business.

So is engineering.

This complexity is growing exponentially.

**WE ALL NEED A SOLUTION THAT REDUCES GUESSWORK ON FEES
THAT IMPROVES PROJECT PLANNING
THAT ENSURES PROJECTS RUN ON BUDGET & SCHEDULE
THAT LIFTS QUALITY WITHOUT COSTING MORE
AND THAT GIVES OUR CLIENTS MORE OF WHAT THEY WANT**

iProjects has tackled the problem; created the solution.

If you are still reading, keep reading – but only if you really want to really improve the way you work.

iProjects has been created for the design firm that has never found the design support tools they wish they had. It is unlike any other software you can buy. It is modelled on the way you naturally work – to keep the learning curve easy.

iProjects offers you tools that will save you time – lots of time; will therefore save you money; and that will lift the quality of your performance and provide significantly better interface with your clients.

To mark the launch of our “baby”, we wanted to do something special. So, we have created the **iProjects Partner Program**. You are invited to join that special program.

Special – because this offer is **ONLY** open to past clients of Building Technology and PSMJ Resources Australasia.

Special – because of that select group, this offer is **ONLY** open to the first 50 firms that sign up within the first six months of the launch date.

Special - because it gives you priority access to ongoing support.

Special - because it will save you a lot of money – 3 seats for less than the price of a cup of coffee daily!!!!

Special – because, as an **iProjects** Partner, you will have full opportunity to influence ongoing development of the system.

Interested? OK – here's the deal:

1. As an **iProjects** Partner, you'll get a 30% discount off the list price*, regardless of how many licenses you need, with a one year minimum signup if we provide the FileMaker licenses, or 3 months, if you supply the FM site licenses. This great deal reduces your per-seat cost to **\$1.05/day** for a 1-year contract or **\$0.88 a day** for a 2-year contract.
2. You will have one week to thoroughly check out the software, and if you don't want it, to return it for a full refund, excluding our non-recoverable cost of the Filemaker licenses.
3. You will have three months to test it thoroughly, and add any number of additional seats for the same 30% discount; with the cost pro-rated to the renewal date of the first purchase.
4. After the renewal date you will automatically get a 10% discount on renewals for the next two years – provided you do your part as described below.
5. You are expected – and this is a very important part of being a Partner – to give us feedback, both positive and negative, and tell us how to continue to improve the program in a way that would work best for you.

* The discount does not apply to purchases of FileMaker Server; however we will arrange for purchase of same at a significant reduction from list price. A server license is required for 10 or more site licenses, and highly recommended for 3 or more.

Your Next Steps

1. Check out our website: www.iprojects.net.au
2. Call us: **03 9686 3846**, or email: cnelson@iprojects.net.au.
